1. Aims and objectives

Our special educational needs and disabilities (SEND) policy and information report aims to:

- Make sure our school fully implements national legislation and guidance regarding SEND
- Set out how our school will:
 - Support and make provision for pupils with SEND
 - Provide pupils with SEND access to all aspects of school life so they can engage in the activities of the school alongside pupils who do not have SEND
 - Help pupils with SEND fulfil their aspirations and achieve their best
 - Communicate with pupils with SEND and their parents/carers and involve them in discussions about support and provision for the pupil
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEND
- Make sure the SEND policy is understood and consistently implemented by staff.

2. Vision and values

Horniman is committed to the promotion of an inclusive, safe and welcoming school environment for children and the wider school community.

We will provide all pupils with access to a broad and balanced curriculum with the intention of providing all pupils with an appropriate level of challenge and success.

We are committed to making sure all our pupils have the chance to thrive and will support them to meet their full potential.

3. Legislation and guidance

This is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEND
- [The Special Educational Needs and Disability Regulations 2014](#), which set out local authorities' and schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the special educational needs (SEN) information report
- The [Equality Act 2010](#) (section 20), which sets out the school's duties to make reasonable adjustments for pupils with disabilities
- The [Public Sector Equality Duty](#) (section 149 of the Equality Act 2010), which set out the school's responsibilities to eliminate discrimination, harassment and victimisation; and advance equality of opportunity and foster good relations between people who share a protected characteristic (which includes having a disability) and those who don't share it
- The [Governance Handbook](#), which sets out governors' responsibilities for pupils with SEND
- The [School Admissions Code](#), which sets out the school's obligation to admit all pupils whose education, health and care (EHC) plan names the school, and its duty not to disadvantage unfairly children with a disability or with special educational needs

4. Inclusion and equal opportunities

At our school we strive to create an inclusive teaching environment that offers all pupils, no matter their needs and abilities, a broad, balanced and challenging curriculum. We are committed to offering all pupils the chance to thrive and fulfil their aspirations.

We will achieve this by making reasonable adjustments to teaching, the curriculum and the school environment to make sure that pupils with SEND are included in all aspects of school life.

5. Definitions

5.1 Special educational needs

A pupil has SEN if they have a learning difficulty or disability that requires special educational provision to be made for them.

They have a **learning difficulty or disability** if they have:

- significantly greater difficulty in learning than most others of the same age; or
- a disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools.

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

5.2 Disability

Pupils are considered to have a **disability** if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to do normal daily activities.

The school will make reasonable adjustments for pupils with disabilities, so that they are not at a substantial disadvantage compared with their peers.

5.3 The 4 areas of need

The needs of pupils with SEND are grouped into 4 broad areas. Pupils can have needs that cut across more than 1 area, and their needs may change over time.

Interventions will be selected that are appropriate for the pupil's particular area(s) of need, at the relevant time.

| AREA OF NEED | DEFINITION |
|-------------------------------|--|
| Communication and interaction | <p>Pupils with needs in this area have difficulty communicating with others. They may have difficulty understanding what is being said to them, have trouble expressing themselves, or do not understand or use the social rules of communication.</p> <p>Pupils who are on the autism spectrum often have needs that fall in this category.</p> |

| AREA OF NEED | DEFINITION |
|-------------------------------------|---|
| Cognition and learning | <p>Pupils with learning difficulties usually learn at a slower pace than their peers. A wide range of needs are grouped in this area, including:</p> <ul style="list-style-type: none"> • Specific learning difficulties, which impact 1 or more specific aspects of learning, such as: dyslexia, dyscalculia and dyspraxia • Moderate learning difficulties • Severe learning difficulties • Profound and multiple learning difficulties, which is where pupils are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment |
| Social, emotional and mental health | <p>These needs may reflect a wide range of underlying difficulties or disorders. Pupils may have:</p> <ul style="list-style-type: none"> • Mental health difficulties such as anxiety, depression or an eating disorder • Attention deficit disorder, attention deficit hyperactive disorder or attachment disorder • Suffered adverse childhood experiences <p>These needs can manifest in many ways, for example as challenging, disruptive or disturbing behaviour, or by the pupil becoming withdrawn or isolated.</p> |
| Sensory and/or physical | <p>Pupils with these needs have a disability that hinders them from accessing the educational facilities generally provided.</p> <p>Pupils may have:</p> <ul style="list-style-type: none"> • A sensory impairment such as vision impairment, hearing impairment or multi-sensory impairment • A physical impairment <p>These pupils may need ongoing additional support and equipment to access all the opportunities available to their peers.</p> |

- raising concerns about a child with potential SEND with parents and SENCo in the first instance;
- the progress and development of every pupil in their class;

- communicating with parents on at least a termly basis to:
 - set clear outcomes and review progress towards them;
 - discuss the activities and support that will help the pupil achieve the set outcomes;
 - listen to parents'/carers' concerns and views and agree aspirations for the pupil.

6.7 Parents or Carers

Parents or Carers should inform the school if they have any concerns about their child's progress or development. Their contact in the first instance should be the child's Class Teacher.

Parents or carers of a pupil on the SEND register will always be given the opportunity to provide information and express their views about the pupil's SEND and the support provided. They will be invited to participate in discussions and decisions about this support. They will be:

- invited to attend termly meetings to review the targets and provision in place for their child;
- asked to provide information about the impact of SEN support outside school and any changes in the pupil's needs;
- given the opportunity to share their views and concerns and, with school staff, agree targets and aspirations for the child;
- given an annual report on the pupil's progress.

The school will take into account the views of the parent or carer in any decisions made about the pupil.

6.8 The pupil

Pupils will always be given the opportunity to provide information and express their views about their SEND and the support provided. They will be invited to participate in discussions and decisions about this support. This might involve the pupil:

- Explaining what they perceive their strengths and difficulties to be;
- Contributing to setting targets or outcomes;
- Attending review meetings;
- Giving feedback on the effectiveness of interventions.

Pupils' views will always be sought in a way which is developmentally appropriate for them at that stage. Wherever possible, the pupil's views will be taken into account in making decisions that affect them.

7. SEN information report

The school publishes a SEN information report on its website, which sets out how this policy is implemented in the school.

The information report will be updated annually and as soon as possible after any changes to the information it contains.

8. Our approach to SEND support

8.1 Identifying pupils with SEND and assessing their needs

We will assess each pupil's current skills and levels of attainment upon entry to the school. This will build on information from previous settings and Key Stages, where appropriate. We will also consider any evidence that the pupil may have a disability and if so, what reasonable adjustments the school may need to make.

Class Teachers will regularly assess the progress of all pupils and identify any whose progress:

- is significantly slower than that of their peers, starting from the same baseline;
- fails to match or better their previous rate of progress;
- fails to close the attainment gap between them and their peers;
- widens the attainment gap.

This may include progress in areas other than academic attainment, for example, wider development or social needs.

When teachers identify an area where a pupil is making slow progress, they will target the pupil's area of weakness with differentiated, high-quality teaching. If progress does not improve, the teacher will raise the issue with the SENCo to have an initial discussion about whether this lack of progress may be due to a

special educational need. Where necessary they will, in consultation with the pupil's parents or carers, consider consulting an external specialist.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEN.

Potential short-term causes of impact on behaviour or performance will be considered, such as bullying or bereavement. Staff will also take particular care in identifying and assessing SEN for pupils whose first language is not English.

When deciding whether the pupil needs special educational provision, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

If a pupil is joining the school, and:

- their previous setting has already identified that they have SEN,
- they are known to external agencies, and/or
- they have an Education, Health and Care Plan (EHCP),

then the school will work in a multi-agency way to make sure we get relevant information before the pupil starts at school, so that support can be put in place as early as possible.

8.2 Consulting and involving pupils and parents

The school will put the pupil and their parents at the heart of all decisions made about special educational provision.

When we are aiming to identify whether a pupil needs special education provision, we will have an early discussion with the pupil and their parents. These conversations will make sure that:

- all parties develop a good understanding of the pupil's areas of strength and difficulty,
- professional advice and reports are shared where available;
- we take into account any views and/or concerns from the parent/carer,
- all parties understand the agreed outcomes sought for the child, and
- all parties are clear on what the next steps are.

Notes of these early discussions will be added to the pupil's record and given to their parents.

We will formally notify parents if it is decided that a pupil will receive special educational provision.

8.3 The graduated approach to SEN support

Once a pupil has been identified as having SEN, we will take action to remove any barriers to learning, and put effective special educational provision in place. This support will be delivered through successive rounds of a 4-part cycle known as the graduated approach.

1. Assess

The pupil's class teacher and the SENCO will carry out a clear analysis of the pupil's needs. The views of the pupil and their parents will be taken into account. The school may also seek advice from external support services where these are appropriate and available.

The assessment will be reviewed on at least a termly basis to help make sure that the support in place is matched to the pupil's need. For many pupils, the most reliable way to identify needs is to observe the way they respond to an intervention.

2. Plan

In consultation with the parents and the pupil, the teacher and the SENCO will decide which adjustments, interventions and support will be put into place, the expected outcomes, and a clear date for review.

All staff who work with the pupil will be made aware of the pupil's needs, the outcomes sought, the support provided and any teaching strategies or approaches that are needed. This information will be made accessible to staff in a Pupil Passport. Pupil Passports will be reviewed with parents on a termly basis.

Parents will be fully aware of the planned support and interventions, and may be asked to reinforce or contribute to progress at home.

3. Do

The pupil's class or subject teacher retains overall responsibility for their progress.

Where the plan involves group or 1-to-1 teaching away from the main class or subject teacher, they still retain responsibility for the pupil. They will work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.

The SENCO will support the teacher in further assessing the pupil's particular strengths and weaknesses, in problem solving and advising on how to implement support effectively.

4. Review

The effectiveness of the support and interventions and their impact on the pupil's progress will be reviewed in line with the agreed date.

We will evaluate the impact and quality of the support and interventions. This evaluation will be based on:

- the views of the parents and pupils,
- the level of progress the pupil has made towards their outcomes, and
- the views of teaching staff who work with the pupil.

The teacher and the SENCO will revise the outcomes and support in light of the pupil's progress and development, and in consultation with the pupil and their parents.

8.4 Levels of support

School-based SEN provision

Pupils receiving SEN provision will be placed on the school's SEND register. These pupils have needs that can be met by the school through the graduated approach. Where the pupil's needs cannot be adequately met with in-house expertise, staff will consider involving an external specialist as soon as possible.

The provision for these pupils is funded through the school's notional SEND budget.

On the census these pupils will be marked with the code K.

Education, Health and Care (EHC) Plan

Pupils who need more support than is available through the school's school-based SEN provision may be entitled to an EHC Plan. The plan is a legal document that describes the needs of the pupil, the provision that will be put in place, and the outcomes sought.

The provision for these pupils will be funded from the school's notional SEND budget, and potentially from the LA (from the high-level needs funding block of the dedicated schools grant).

On the census these pupils will be marked with the code E.

8.5 Evaluating the effectiveness of SEN provision

We evaluate the effectiveness of provision for pupils with SEN by:

- tracking pupils' progress, including by using Pupil Passports and termly reviews;
- carrying out the review stage of the graduated approach in every cycle of SEN support;
- using pupil questionnaires;
- monitoring by the Senior Leadership Team and SENCo,
- holding Annual Reviews for children with EHC Plans;
- getting feedback from the pupil and their parents.

9. Expertise and training of staff

Training will regularly be provided to teaching and support staff. The headteacher and the SENCO will continuously monitor to identify any staff who have specific training needs and will incorporate this into the school's plan for continuous professional development.

10. Links with external professional agencies

The school recognises that it won't be able to meet all the needs of every pupil. Whenever necessary the school will work with external support services such as:

- Speech and language therapists
- Specialist teachers or support services
- Educational psychologists
- Occupational therapists or physiotherapists
- General practitioners or paediatricians
- Child and adolescent mental health services (CAMHS)
- Education welfare officers
- Social services

11. Complaints about SEND provision

Where parents have concerns about our school's SEND provision, they should first raise their concerns informally with the class teacher. If the class teacher is not able to resolve the issue, it should be raised with the SENCo. We will try to resolve the complaint informally in the first instance; if the SENCo is not able to resolve the issue, the complainant will be referred to the school's complaints policy.

The parents of children with SEND have the right to make a disability discrimination claim to the first-tier SEND tribunal if they believe that the school has discriminated against their child/ren. [First-Tier Tribunal \(Special Educational Needs and Disability\)](#) is an independent national tribunal which hears parents'/carers' and young people's appeals against the Local Authority's decision about the special educational needs of children and young people. Claims can be made about discrimination regarding:

- exclusions;
- provision of education and associated services;
- reasonable adjustments, including the provision of auxiliary aids and services.

To see a full explanation of suitable avenues for complaint, see pages 246 and 247 of the [SEN Code of Practice](#).

12. Monitoring and evaluation arrangements

12.1 Evaluating the effectiveness of the policy

We are constantly looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in section 1.

We will evaluate how effective our SEND provision is with regards to:

- all staff's awareness of pupils with SEND at the start of the autumn term;
- how early pupils are identified as having SEND;
- pupil's progress and attainment once they have been identified as having SEND;
- whether pupils with SEND feel safe, valued and included in the school community;
- comments and feedback from pupils and their parents.

12.2 Monitoring the policy

This policy will be reviewed by the SENCo and SEND link governor every year. It will also be updated when any new legislation, requirements or changes in procedure occur during the year. It will be approved by the full governing board.
